The Old Gods are returning. At least that is the intention of the nefarious Cult of Nehalenna and its beautiful, mad high priestess, Rebecca Travers.

For decades, the minions of chaos have kept to the shadows, biding their time, waiting for the right moment to strike—and now that time has come. All they need is a rare book, an ancient grimoire that will allow them to summon their otherworldly masters and usher in a new age of darkness.

But standing in the way of the cult's horrific plans is a redheaded succubus named Lorelei. Once human, now the unwilling recipient of supernatural powers, she may be the world's only hope for keeping the old gods at bay.

Will the soul-stealing seductress ultimately triumph against overwhelming odds...or become Rebecca's latest sacrificial offering?
