The Chronicles of the Sea Dragon is a swashbuckling fantasy story set in a world where intrigue and economic warfare are as important as the strength of your sword, where no landfall is ever the same twice.

The crew of the *Sea Dragon* is a varied group, each with their own private reason for being aboard. The captain is a mysterious figure known as Asheera, a sometimes hard and bitter man who nurses a wound none can identify. As for the rest of the crew? You'll have to follow the trail of the *Sea Dragon* and find out for yourself—if you have the sea legs for it!

*A complete, 48-page
adventure for just 99¢!*

"A finely penciled and accurately dialogued epic set in a place and time of fantasy. If you like pirates or elves or fantasy adventure or pure swashbuckling, then pick it up."
—Comic Genesis
